Career Objective / Summary

Hi, I'm Ramchandra Nargave. I have a B.Tech in Computer Science from Madhav institute of technology and science, Gwalior. I'm skilled in frontend and backend technologies like HTML, CSS, JavaScript, React, Firebase, and Node.js (Express). I also have experience with design tools like Photoshop and Canva, along with a basic understanding of SEO. I'm looking for a web development role where I can grow my skills and contribute to meaningful projects.

Education

B.Tech in Computer Science – Madhav institute of technology and science, Gwalior

■ Passing Year: 2024 | ■ CGPA: 6.1

Diploma in Computer Science – Govt. Polytechnic College, Jhabua

■ Duration: 3 Years

Work Experience

Intern – Floo Byte

■ Duration: 5 Months

- Worked on full-stack web applications using React, Firebase, and Node.js.
- Gained hands-on experience in building scalable web platforms and managing real-time data.

Projects

Food Franchise Management System

■ React, Tailwind CSS, Firebase (Authentication, Firestore, Storage)

- A full-stack web application similar to Zomato/Swiggy for managing food franchise operations.
- Features: Franchise owner registration, food item management, order tracking, and earnings dashboard.
- Admin Dashboard for monitoring outlets, city-wise distribution, and order analytics.
- Firebase Authentication for secure login/signup, Firestore for database, and Storage for media.
- Currently integrating Cloud Functions for automation (notifications & analytics).
